

WEEE Small Producer as required by The Waste Electrical & Electronic Equipment Regulations

1. Disposal of electrical and electronic equipment.

The crossed-out waste garbage can symbol means that you are legally obliged to dispose these devices separately from unsorted waste. Disposal via the residual waste garbage can or the yellow garbage can is prohibited. If the products contain batteries or rechargeable batteries that are not permanently installed, these must be removed before disposal and disposed of separately as batteries.

2. Possibilities of the return of old devices

Owners of old devices can hand them in within the scope of the possibilities of return or collection of old devices set up and available by public waste management authorities, so that a proper disposal of the old devices is ensured.

3. WEEE producer registration number

Under the registration number WEE/MM5278AA, we are registered with via Comply Direct Ltd. as a small producer of electrical and/or electronic equipment. The WEEE Small Producer Compliance Certificate has been issued in accordance with any guidance issued by the appropriate Agency under section 94(4) of the 1995 Act.
